CLUB PROPERTY DECLARATION

FOR THE YEAR ENDED 30 SEPTEMBER 2021

Pursuant to Section 41J(2) of the Registered Clubs Act 1976 the Directors declare that, for the financial year ended 30 September 2021, the classification of freehold land is as follows:

| Property Address | Current Usage | Classification |
|---------------------------------------|------------------------|----------------|
| 71-73 Lewis Street, COOLAMON NSW 2701 | Clubhouse & facilities | Core |

Section 41J(2) of the Registered Clubs Act 1976 requires the annual report to specify the core property and non-core property of the Club as at the end of the financial year to which the report relates.

- (a) the defined premises of the Club; or
- (b) any facility provided by the Club for use of its members and their guests; or
- (c) any other property declared by a resolution passed by a majority of the members present at a general meeting of Ordinary members of the Club to be core property of the Club.

Non-core property is any other property other than that referred to above as core property and any property which is declared by the members at a general meeting of ordinary members of the Club not to be core property.

The significance of the distinction between core property and non-core property is that the Club cannot dispose of any core property unless:

- (a) the property has been valued by a registered valuer within the meaning of the Valuers Act 2003; and
- (b) the disposal has been approved at a general meeting of the ordinary members of the Club at which the majority of the votes cast support the approval; and
- (c) any sale is by way of public auction or open tender conducted by an independent real estate agent or auctioneer.

These disposal provisions and what constitutes a disposal for the purposes of section 41J are to some extent modified by regulations made under the Registered Clubs Act 1976 and by Section 41J itself. For example, the requirements above do not apply to core property that is being leased or licensed for a period not exceeding 10 years on terms that have been the subject of a valuation by a registered valuer.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of property, plant and equipment

Key estimates - provisions

As described in the accounting policies, provisions are measured at management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. These estimates are made taking into account a range of possible outcomes and will vary as further information is obtained.

Key estimates - inventory

Each item on inventory is reviewed on an annual basis to determine whether it is being carried at higher than its net realisable value. During the year, management have written down inventory based on best estimate of the net realisable value, although until the time that inventory is sold this is an estimate.
